

When you remember the most beautiful weddings you have seen, the flowers were probably an integral part of that memory.

From elaborate cascades of flowers to delicate embellishments of nature's own beauty, flowers are the key in setting the scene to your perfect wedding.

A stunning bouquet or a simple nosegay makes a statement about the bride - and the theme will carry through to the ceremony and reception site.

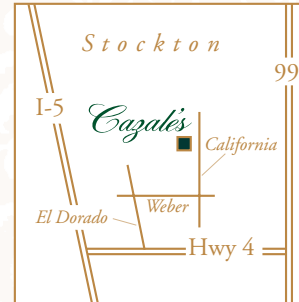

Cazale's is proud to have earned the reputation as the premier florist and event planner of the area - being named consistently one of California's best year after year. Offering the most talented and creative designers, Cazale's will help you develop the vision of your perfect dream and guide you through the process of selecting every detail for your special day.

From the bride's bouquets, wedding party and ceremony site, to the inspiration for the reception, let Cazale's help you with your memorable day!
